PROJECT UPDATE | October 30, 2019

STAGE 6 WORK
Saturday, November 2, 2019

- Due to events in the Science Building auditorium last Saturday, Stage 6 activities that are noisier were rescheduled for on Saturday, November 2, 2019:
  - Boring and pipe pulling the pedestrian walkway work will take place on the north side of the Science Building
  - A portion of the parking lot outside the Auraria Library will be used as a staging area for the boring machine
  - ADA parking spaces outside the Auraria Library will remain available.
  - The loading dock outside the Auraria Library will remain open.
  - The ADA ramp outside the Auraria Library will remain open.

STAGE 8 WORK WEATHER DELAY
Due to the inclement weather work was not able to resume Thursday, October 31, 2019 through Saturday, November 2, 2019

- As pipe is being strung out along the route in the areas where they are being welded together:
  - 10th street will be closed and pedestrian traffic will be rerouted through the work area
  - Parking south of 9th St. Historic Park on the east side will be coned off on Champa Street
