   The 2017 Auraria Campus Master Plan was also presented to the ABOD at the March 2017 meeting. AHEC is responsible for developing a unified facilities master plan for the campus which incorporates the academic master plan needs of the institutions. The final draft plan has been updated to incorporate the visions of the institutions, which include the shared facilities. The plan has been built upon the institutional academic needs and their neighborhood concept plans, which were preliminarily presented at previous ABOD meetings.

   Each of the institutions will provide a brief presentation of their neighborhood plan concepts. SmithGroupJJR, Auraria’s master plan consultants, will then present the final draft plan for the Auraria Campus. This plan will be formally voted on at the June meeting upon completion of the institutional academic master plan data components, which will be included as appendices to the Auraria Campus Master Plan. (note: no additional presentations are planned in June).

4. Action Items:

   The Budget for the 2017-18 fiscal year has been developed with consideration to revenues, mandated cost increases and other needs. The institutional chief financial officers have reviewed and accepted the budget, which is being presented for formal Board approval.
